

SUPREME ROOF

WITH BIOQUELL™

Supreme Roof is the ultimate, longest lasting, velvet sheen, acrylic roof finish available anywhere! This premium roof finish gives fantastic durability and beauty on Concrete Tile Roofs, Bermuda Roofs, Shingle Roofs and is a great choice as a topcoat for Elastomeric Roof Coatings or other surfaces. Our unique **Bioquell** system gives you the longest term mildew, mold, fungus and algae protection in the industry for brilliant, long lasting beauty.

Surface Preparation: Surfaces must be clean and free of all oil, loose or chalking paint, silicones and all biological growth. **New Surfaces:** Prime bare concrete with **Acry-Tech Primer**. Prime bare metal with a water based rust inhibitive metal primer. **Previously Painted Surfaces:** Remove loose dirt, chalking paint and biological growth. Prime concrete and porous surfaces with **Acry-Tech Primer**. Prime rusting metal surfaces with a water based rust inhibitive metal primer.

Application: This product can be applied by airless sprayer, brush or roller. Apply generously with overlapping strokes. Textured and porous surfaces will require more coating. Do not apply this coating to a wet surface or when surface temperature is or will be below 50 degrees F. Wash spills and tools with soapy water.
